Dear Parents/Carers

Welcome back to the new school year to our existing families and also a very warm welcome to our new families and our Kindergarten students who have started their schooling career today at Yoogali PS.

Each year in Public Schools across the state, parents are asked to pay a voluntary contribution to their school to assist in the enhancement of educational and sporting programs for all students. This year the contributions that we receive from our parents will be spent on the continuation of the Reading Eggs and Mathletics subscriptions for all students from Kindergarten to Year 6. These programs have been running in our school for over 12 months now and are extremely popular with our students as well as being fun, entertaining and most importantly, educational.

The cost of our school contributions at Yoogali PS for 2016 are:

- Single child - $30.00
- Family - $50.00

This amount has not risen in price for over five years in our aim to be as affordable as possible for all parents to pay. The Reading Eggs and Mathletics subscriptions are not available in all schools but as we have seen the great benefits of these programs with our students, we believe that incorporating them into our school planning is of the upmost importance. We hope that you support us in this belief by paying the school contribution as soon as possible to allow your child to continue benefiting from these programs.

Thank you again for your support of your child’s education and Yoogali PS.

Lucia Gargaro
Relieving Principal
29 February 2016
