17th March 2016

Dear Parent/Carers,

As the cold and flu season approaches Yoogali Public School would like to ask all families that they advise the school when their child/ren are ill due to any respiratory infections (eg. flu, cold, coughs, chest infections, etc). This is of particular importance as we have students attending the school who have ongoing health and medical conditions that may be seriously affected.

We have attached the Infectious Diseases Information from the Department of Education for your future reference. Please notify the school if your child is diagnosed with any of the diseases mentioned.

The staff have decided that we will no longer be issuing 100% attendance awards at our Presentation Night. This decision was made to allow children who are not well to recuperate at home then return to school when fully recovered and ready to learn.

Yoogali Public School would like to thank you for your ongoing co-operation in this matter.

Lucia Gargaro
Relieving Principal
